Product Specification Sheet

Targus 30” Widescreen LCD Monitor Privacy Screen

Part #: ASF30WUSZ

Product Description:

The Targus 30” Widescreen LCD Monitor Privacy Screen is designed to fit a 30” widescreen LCD monitor. To protect your information, tiny vertical blinds on the surface of the screen narrow the viewing angle so data is only visible directly in front of the monitor up to 45 degrees away from the center of the screen. Onlookers will only see a dark unclear screen when attempting to view the information from a side angle. In addition to providing security, the privacy screen also blocks the glare to help reduce eye strain. The Targus LCD Monitor Privacy Screen can be easily attached by using clear adhesive strips designed for LCD screens or with the included tab guides that stick to the edge of the LCD screen to hold the screen in place. Users can position the tabs so the screen easily slides on and off. Highly portable and easy to use, the Targus privacy screen protects valuable information from onlookers.

Product Features and Specifications:

- **Size-** Designed to fit 30” widescreen LCD Monitors
- **Functionality-** Protects valuable information by narrowing the viewing angle; onlookers see only a dark screen instead of sensitive information
- **Easy to install–** Use included adhesive strips to stick the screen to your LCD or use the included tabs that stick to the outsize frame of the LCD screen
- **RoHS Compliant–** Yes
